

# WHAT SOUND IS THIS?

## Module 4 – The Senses

Listen to the sounds that are played. (MP3 recordings) As you hear each sound see if you can find the picture that matches it. Number the pictures in order as you hear them eg: Place a 1 next to the first sound you hear, 2 next to the second one you hear. When you have finished listening to all of the sounds, check to see if you were correct.
